

Menambahkan Link Url di wordpress

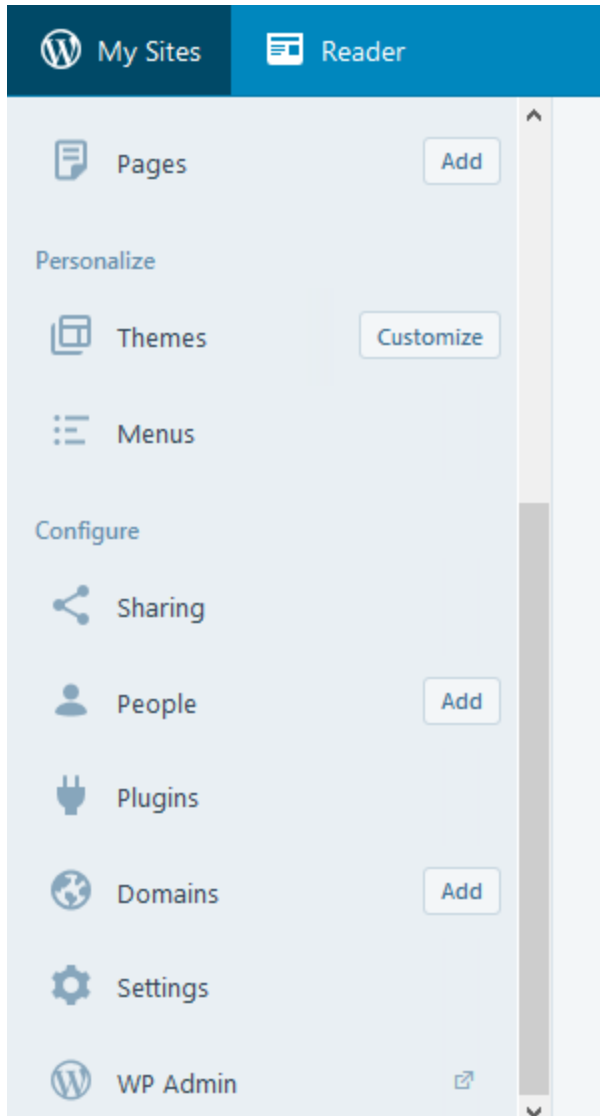

1. Login

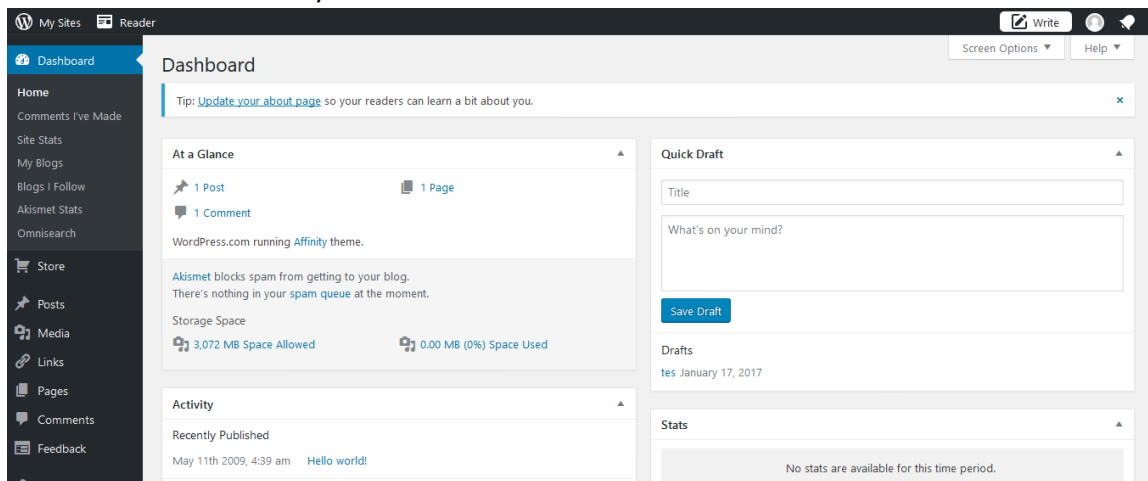

2. Pilih mysite → dikiri atas layar

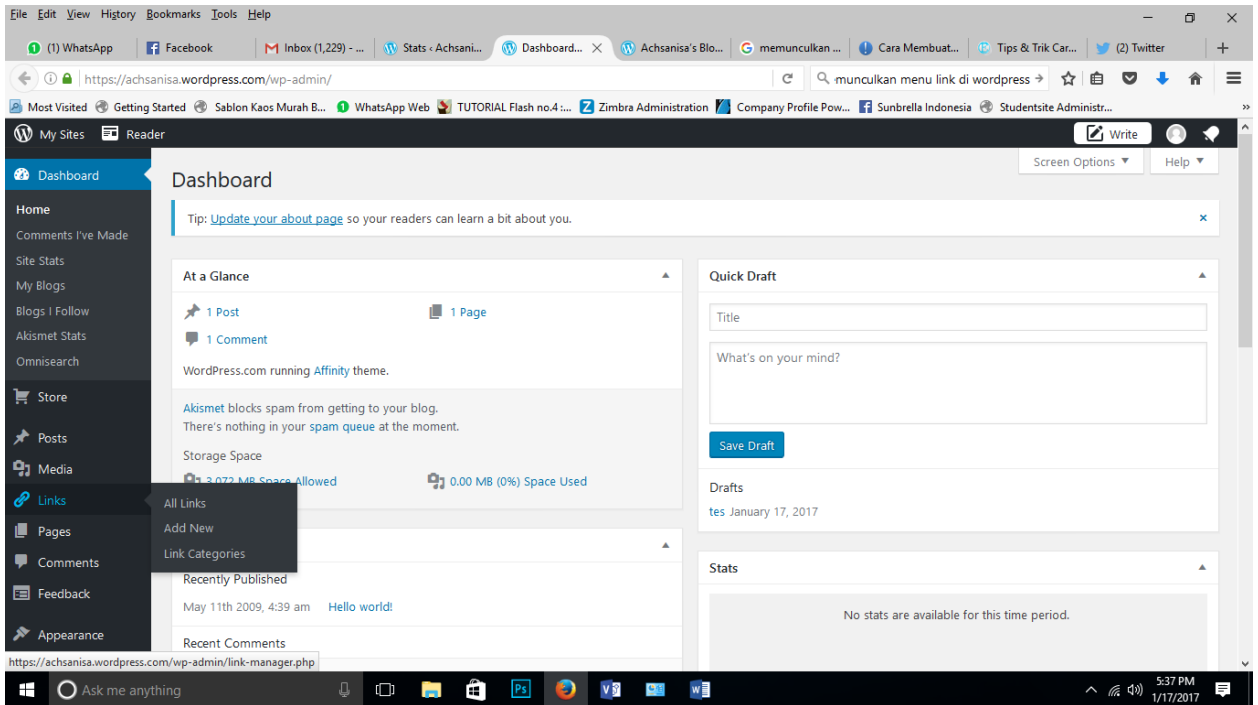

3. Pilih wp admin di side menu

4. Kemudian akan muncul layar dashboard

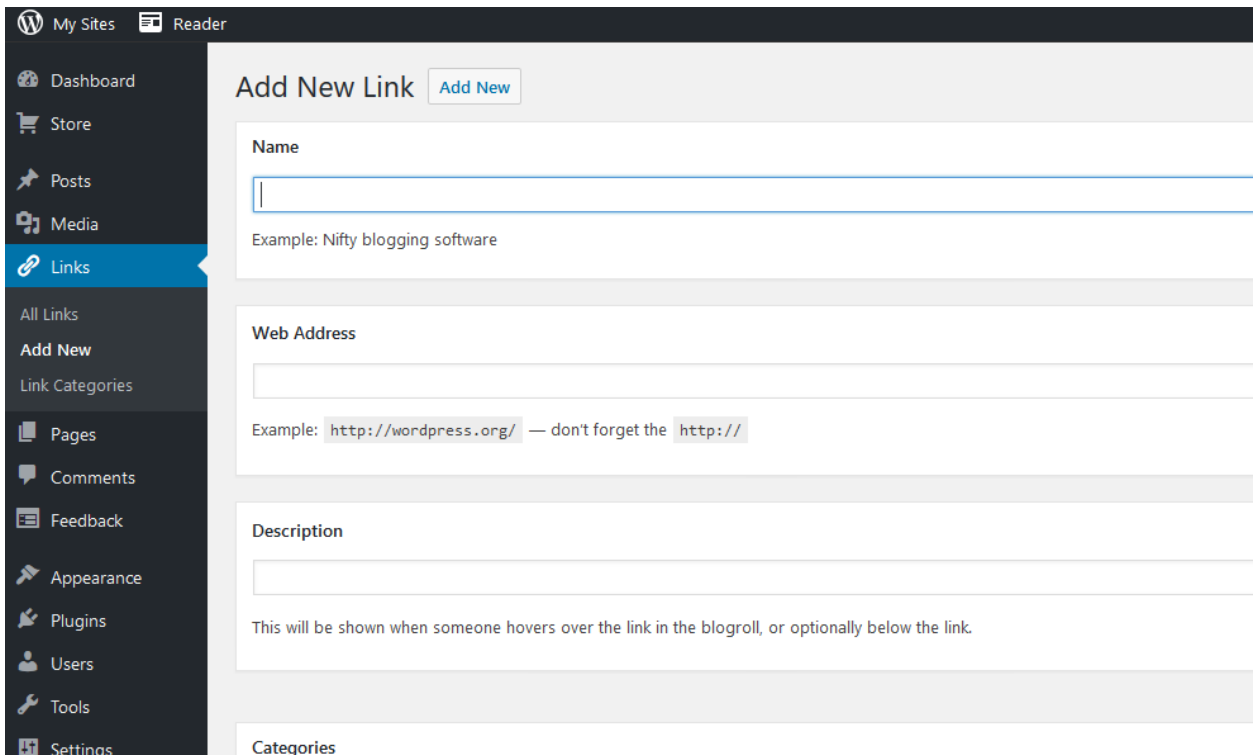

5. Pilih menu link

The screenshot shows the WordPress dashboard interface. On the left sidebar, the 'Links' menu item is highlighted, and a sub-menu is visible with options: 'All Links', 'Add New', and 'Link Categories'. The main content area displays the dashboard overview, including a tip to update the about page, a 'At a Glance' summary (1 Post, 1 Page, 1 Comment), storage space information (0.00 MB used), and a 'Quick Draft' form. The browser's address bar shows the URL 'https://achsanisa.wordpress.com/wp-admin/'.

6. Pilih menu add new

The screenshot shows the 'Add New Link' form in the WordPress dashboard. The 'Links' menu is selected in the sidebar, and the 'Add New' option is highlighted. The form contains the following fields:

- Name:** A text input field with the example text 'Nifty blogging software' below it.
- Web Address:** A text input field with the example text 'http://wordpress.org/' and a note: '— don't forget the http://'.
- Description:** A text input field with the note: 'This will be shown when someone hovers over the link in the blogroll, or optionally below the link.'
- Categories:** A section for selecting link categories.

The 'Add New' button is located at the top right of the form.
